

LOCAL BRIEFS.

From Thursday's Daily.

The cold wave and north wind still holds sway.

B. Robinson came up from Kirkland Wednesday.

Dr. Roph came in from the Octave mine yesterday.

Col. B. W. Leavell came up from Phenix yesterday.

Dennis May left on Wednesday for a three months' trip east.

E. M. Sanford returned last night from attending court at Kingman.

Mrs. George Tharp returned last evening from spending the summer in California.

Oswald Stein of the Oro mine and Albert S. Stein, of Chicago, are guests at Hotel Burke.

F. W. Bangs, the traveling salesman for a Los Angeles drug firm is in town accompanied by his wife.

T. E. Litt and E. A. Kastner returned late Tuesday night from their trip in the country on business.

C. W. Hicks is reported to have withdrawn from the socialist ticket as candidate for district attorney.

W. K. Flora is the man wanted for probate judge. Do not fail to cast your ballot for him on election day.

Bert Tilton has returned from his visit east. He reports having had a most enjoyable time during his absence.

A. W. Edwards succeeded in effecting his departure today for the east. He expects to be absent about a month.

The Daily Journal-Miner received a paid subscription today from a stranger in Marathon, Texas, which shows how rapidly the fame of the paper is spreading.

There was an unusually large passenger list for the south last night. There were two large truck loads of baggage and a large transfer wagon load of express also.

Hank Fields and Charles King were held by Justice Talbot yesterday under \$300 bonds each to answer to the grand jury on a charge of stealing a check from Joe O'Hara.

T. Boyd, a recent arrival here from Escondido, Calif., has rented the room in the Brecht block, formerly occupied by the Salvation Army and is stocking it up with second hand goods.

R. H. Burmister has made application to be appointed administrator of the estate of the late B. M. Crawford, of Providence. Judge Hicks will hear the application on October 31.

R. E. Morrison failed to get a train on Tuesday for Kingman so was unable to meet his engagement. He went over today with the boys to Jerome to speak at the meeting there tonight.

Mrs. Charles Ashley was happily surprised a few days since by the arrival of her mother, Mrs. Watts, also her brother, John Watts, from Alton, Illinois, for a few weeks visit in this salubrious climate.

Mr. and Mrs. C. B. Hubbard and their daughter, uncle, aunt and cousin respectively of Mrs. Dr. H. T. Southworth, arrived in Prescott on Tuesday night's delayed train and will remain here for sometime on a visit.

Thirty six new subscribers from McCabe and Chaparral, thirty from Jerome and the Verde valley and ten received through the mails and at the office of publication was the record made on Wednesday by the Journal-Miner. A pretty good day's work.

Francisco Murillo was arrested by Deputy United States Marshal Foster on a charge of cutting wood on the forest reserve without a permit and had his preliminary examination yesterday before Court Commissioner Forest and held under \$500 bonds to answer to the federal grand jury.

A. M. Cavell returned home Tuesday from his visit east. The report that he was married during his absence turns out to be erroneous as he states that such an occurrence did not happen but he does not say it was any fault of his that it did not.

The Journal-Miner is not given to boasting but it cannot refrain from mentioning a fact worthy of note by advertisers, that F. E. Jordan has within the past ten days sent in the names of over 100 new subscribers to the daily from Jerome and the Verde valley.

The Journal-Miner is the only paper in northern Arizona which takes an associated press news report. This is the only reliable news gathering institution in the United States and the public is showing its appreciation of the service in the Journal-Miner by extending a liberal patronage to it.

A Fowler club was formally organized in this city last night and over 75 new members enrolled their names.

The total membership in this city now reaches to over 250, and there is a very earnest feeling among them. "He Does Things" is the campaign motto.

Herman Voge has been appointed administrator of the estate of the late Adolph Spadino. The estate consists of a half interest in the Germania saloon and \$113 in cash in bank and some mining claims of unknown value. He did not keep up his dues in the order of Hermann Sons and all the benefits he will derive from that order will be \$100 to cover funeral expenses.

Both of our Prescott contemporaries have published notices of Fen S. Hildreth visiting the Grand Canyon. Mr. Hildreth has not been outside of Yavapai county for months and it has been definitely ascertained that the Grand Canyon has not been removed to this county so Mr. Hildreth's alleged visit to it must either be a great big mistake or he has performed a miracle.

There are four tickets in the field for delegate to congress this year, a new one having just sprung up yesterday being that of the socialist labor party. Just wherein the socialist labor party differs from the regular socialist party has not been learned. Its candidate is J. A. Leach and as far as known the party has no county tickets in the field. With the five tickets it will make a regular blanket sheet ballot. The tickets as far as heard from are the republican, democratic, socialist, prohibition and socialist labor.

B. F. Cheney, the Santa Fe official left on yesterday's northbound train in a private car of the St. Louis Memphis and Southeastern railroad company for a visit to the Grand Canyon, en route east. He was accompanied by his wife and by Miss Florence Jones, daughter of the division superintendent of the Southern Pacific railroad, at Tucson, and by Miss Jones' friend, Miss Gertrude Whitaker, of San Francisco, the young ladies having been invited by Mrs. Cheney to accompany her as her guests on the trip. Mr. and Mrs. Cheney will continue their journey east and the young ladies will return on Saturday en route to Tucson. During their stay in Prescott, the entire party were the guests of Mr. and Mrs. F. M. Murphy.

From Friday's Daily.

D. J. Sullivan went to Congress last night.

Morse Darnell came up from Hillside Thursday.

Thomas E. Campbell came over from Jerome last evening.

J. M. Ross left on last night's train for Bisbee on professional business.

J. B. Tomlinson returned Thursday from a visit of several weeks in Mexico.

Mr. and Mrs. Cecil G. Fennell came up from the south on yesterday's train.

The socialists will not put up a candidate for district attorney in this county to take the place resigned by C. W. Hicks.

T. G. Norris returned Thursday from Kingman, where he went on professional business to attend the session of the district court.

Miss Stanley, who has been visiting her sister, Mrs. Holbrook, wife of Major Holbrook, of Whipple, left on yesterday's train for the east.

Joseph Schuler, who left here July 2d for the Soldiers' Home near Santa Monica in very poor health returned last night completely recovered.

Wm. Brobst, an old time stage driver of this county and occasional poet, left on yesterday's train for Covina, California, to reside in the future.

Judge R. E. Sloan and Court Reporter W. S. Norviel returned yesterday from Kingman, where the former held a three days' term of the district court.

Mrs. Nellie Bagby yesterday made application in the probate court to have John Ross appointed administrator of the estate of her late husband, John Bagby.

Mrs. A. L. Tilton, mother of Bert Tilton, who went to St. Louis to attend the Grand Chapter Eastern Star, was elected as one of the executive officers of the order.

Bob Weyms, the "Irish Lord" returned yesterday from the Santa Maria country. He says the socialists down

there are more numerous than fleas, and they all intend to vote their ticket.

Fred E. Biles, manager of the Dividend Consolidated Mining company, and republican candidate for the legislative assembly, came in from Chaparral yesterday to attend the Fowler meeting.

J. E. Shelton, a bright young newspaper correspondent, who is traveling with Candidate Fowler, and reporting the meetings for a number of territorial papers, came over from Jerome yesterday.

The Elks memorial services, which are held on the first Sunday in December each year, will be held this year in the Odd Fellows' hall. Reese M. Ling, a past exalted ruler of the Prescott lodge, will deliver the address.

E. E. Ellinwood left last night for the south to look after Mark Smith's campaign. As he was in close conference with Secretary Dillon prior to his departure, it is surmised that Smith's campaign auto has skipped a cog.

A. S. Haskell, candidate for supervisor on the republican ticket, came over from Jerome yesterday with the rest of the county candidates. Mr. Haskell has a host of friends in Prescott in both parties who will give him their active support for the position he seeks.

Oswald Stein has resigned his position as general manager of the Oro Mining company. B. Heller, president of the company will look after the management. Mr. Stein and his brother Albert S. Stein, of Chicago, left on yesterday's train for a visit to the Grand Canyon.

H. A. Kendall, representing the Scranton correspondence school, left yesterday for Jerome, where he expected to meet E. O. Everett, assistant superintendent of the school, for the purpose of placing an exhibit before the people of that place.

A. G. Wood, J. H. Wood, L. E. Wood and C. W. Cook left on yesterday's train for Hopkinsville, Kentucky, for a visit with friends and they will also take in the world's during their absence. A. G. Wood is a brother of W. W. Wood of Prescott and the other two Woods are cousins of A. G. and W. W. Wood.

Wood is a brother of W. W. Wood of Prescott and the other two Woods are cousins of A. G. and W. W. Wood.

A telegram was received yesterday from St. Paul, from a brother of the late Adolph Spadino, saying that he will arrive in Prescott tomorrow night. On account of this the body was embalmed and will be held pending his arrival and until he arrives no definite arrangements can be made for the funeral which was to have taken place yesterday.

Lee H. Landis, general agent of the S. P. & P. railroad passed through Prescott yesterday to Ash Fork. The report got abroad in Prescott that Mr. Landis was on the train and that he was accompanied by a bride and a large number of his friends went to the station to extend their congratulations each carrying a goodly supply of rice. While there was no bride in evidence the rice shower was given Mr. Landis just the same.

Grand Exalted Ruler W. J. O'Brien of the order of Elks, and Grand Secretary Fred C. Robinson, who with their families have been visiting the Grand Canyon, passed through on last night's southbound train en route to Phenix, where they will be entertained by the Elks lodge of that place. Exalted Ruler M. O. Bicknell and W. M. Mayer, of the Phenix lodge, went to Ash Fork yesterday to meet the visitors and accompany them to Phenix.

Fred Crone in writing to have the address of his Journal-Miner changed to Newark, New Jersey, says that he has a good job running one of the three big engines in the power house of the street railway company. He says that the smallest engine is 2500 horse power. He intends to stay with this job for several months just for the experience and information he can get out of it and then he will return to Arizona again. There is a fascination and attraction about this territory which brings them all back again.

From Saturday's Daily.

Last night's train was four hours late.

S. C. Rogers is in town from Charmingdale.

W. S. Pratt and his son have arrived overland from Milford, Utah.

Joe Mayer is in Prescott from the town which bears his name.

The trial of Lawyer Thomas on a charge of embezzlement is in progress in Phenix.

Mrs. R. N. Looney, of McCabe, and her two sisters, Misses Mamie and Minnie Mayer, came in on last evening's train from Mayer.

Harry Joy will go east tomorrow to purchase the switch board and other equipment for the independent telephone system in Phenix.

Deputy Sheriff Burns went to Jerome Junction yesterday to look after the peace of the place during the presence there of Gentry Bros. dog and animal show.

R. D. French came in from Crown King yesterday. He was out there to transfer the postoffice to his successor, having resigned the position as postmaster.

H. M. Maus returned last night from his visit east and reports having had a most enjoyable time visiting with relatives and looking at the big fair at St. Louis.

Gus Schraplau who has been employed at the Great Republic mine, in the Black Canyon section, is in town, the property having been closed down temporarily.

C. W. Platt was in Prescott yesterday from Kirkland valley. He says that everything in that section looks favorable for the success of the republican ticket.

B. A. Fowler and the county republican candidates went by special train to Congress Junction yesterday. The Eagles band accompanied them to discuss music at the meetings.

Navajo republicans have nominated the following ticket: For council, J. X. Woods; assembly, L. E. Divehouse; sheriff, C. I. Houck; district attorney, T. F. Moran; treasurer, F. J. Watron; recorder, F. M. Zuck; probate judge, R. C. Smith; supervisors, W. H. Clark and W. H. Ballard; surveyor, Herbert Ward.

A gentleman who has just returned from the St. Louis fair says that it is bigger than the Paris exhibition, Chicago World's Fair and Buffalo exposition combined. Anyone who has visited any of the above and who has not been to St. Louis can form some idea of the sort of a show they are giving there.

The democratic nominees of Navajo county are as follows: For council, Frank Wallace; assembly, Q. R. Gardner; sheriff, Charles Moss; district attorney, W. P. Geary; treasurer, J. W. Richards; recorder, A. F. McAllister; probate judge, W. B. Cross; supervisors, H. B. Smith and J. J. Shumay; surveyor, J. H. Richards.

Mr. and Mrs. E. Childers were in town Thursday and the former was a welcome caller at this office. They were accompanied by Mrs. M. V. Childers, of Silver City, New Mexico, who was en route home from visiting her two sons at McCabe and Mrs. E. Childers accompanied her mother-in-law to her New Mexico home.

The names of two more registered voters were received on Friday at the office of the county recorder, making the total registration 5,300, or but twenty short of what it was two years ago. Five names sent by Fred C. Kingsbury of Crown King were not placed on the great register for the reason that Kingsbury was not a registering officer. In cases of this kind

the law makes provision for the voter to swear in his vote.

D. M. Clark of the Prescott steam laundry is a genuine expansionist. Ever since he moved to his present place in the Odd Fellow's hall he has been expanding. He had not been there long until he was compelled to add more machinery to meet the demands of his rapidly increasing business. With the additional machinery his business had a corresponding increase and it was not a great while until more machinery was necessary and in order to find room to place it he was compelled to add the room adjoining the one he originally located in. The business has kept expanding and he has kept buying machinery to keep up with the demand on the institution. His latest stroke of expansion was the purchase of the Jerome laundry and he is now doing the business of that place at his Prescott laundry pending the installation of new machinery at Jerome. Good work at reasonable prices and prompt service has been the keynote of Mr. Clark's success and he is fully entitled to all that he enjoys.

The county republican candidates are traversing the country precincts in an open and earnest manner, and each is striving for office on the basis of solid argument with the people. There is not being solicited a charity support and none is wanted by these men. They are candid and are endeavoring to win out on a principle, not a pension gift.

The way to get single statehood for Arizona is to get something to show them.

Notice of Sheriff's Sale.

Under an execution issued out of the district court of Yavapai county, Arizona, dated September 30, 1904, in an action wherein R. H. Burmister & Sons Company, a corporation, is plaintiff, and the McCabe Extension Mining and Milling Company, a corporation, is defendant, wherein the plaintiff obtained a judgment on the 25th day of June, 1903, for the sum of one thousand eight hundred and one and 25-100 dollars, debt and costs taxed at sixteen and 55-100 dollars, with interest thereon from the 25th day of June, 1903, at the rate of six per cent per annum, until paid, I did, on September 30, 1904, levy upon those certain patented lode mining claims, situate in Big Bug mining district, in said county and territory, named and described as follows, to-wit:

The Blind Girl, the notice of location whereof is recorded at page four hundred ninety-four (494) of book thirty-six (36) of mining records in the office of the county recorder of said county;

The Henry Clay, the notice of location whereof is recorded at page three hundred sixty-five (365) of book thirty-one (31) of said records, and

The "George Washington," the notice of location whereof is recorded at page three hundred sixty-six (366) of book thirty-one (31) of said records, together with the appurtenances and hereditaments thereunto belonging.

Notice is hereby given that on Monday, the thirty-first day of October, 1904, at twelve o'clock, noon, of that day, in front of the north door of the court house, in the city of Prescott, in said county, I will sell the said described property, or so much thereof as may be necessary to satisfy said judgment, with interest thereon, accrued costs and charges of sale, at public sale, to the highest and best bidder for cash.

Dated Prescott, Arizona, October 1, 1904.

OLD PROPERTY RESUMES WORK

And Will Become an Ore Producer.

Big Bug Assuming an Air of Its Former Activity Once More—Some Political Talk.

Big Bug, Ariz., Oct. 21, (Special Correspondent)—T. W. Boggs and Mrs. M. E. Wheeler returned yesterday from a business trip to Prescott in connection with the Butternut mine. We understand that they have made arrangements to begin work again on this property and in a short time hope to put on quite a force and again begin the marketing of ore. The haul to the Prescott & Eastern is short and all down hill over a good road and the close proximity to the Mayer smelters will enable them to handle the class of ore produced by the Butternut at a good profit.

Charley P. Wingfield and family and Charles Fisher are expected back today from a deer hunt over in the Mogollons.

Several men are now being employed on the Alto in Eugenia Gulch. W. A. McKay, who has charge of the Cyprus is installing an air compressor and machine drills. As soon as the machinery is in place several additional men will be given employment.

It is reported that work will shortly be resumed on the Henrietta. Watchman Cox now looks after the property and keeps the water pumped out.

Hank Bevering, who won about \$2400 while in Prescott attending the democratic convention, has charge at the Burlington and is installing some machinery on that property.

Frank Sevy made a recent shipment from his Storm Cloud claim and we understand the ore ran high in copper and gold. He claims eighteen feet of ledge matter all carrying good values.

The weather is beginning to have a tinge of winter and standing water has been covered with ice the past few mornings.

Politically speaking this precinct is republican and Fowler is going to get the votes of several of our old democratic war horses. The republican county ticket will also get a majority here.

KICKED IN THE FACE

Peter Jasperson of the Vienna bakery met with a very serious accident yesterday morning and one which came nearly proving fatal. He went out about 7:30 o'clock to harness his horse and hitch him to his delivery wagon, as was his daily custom, and shortly afterwards was found by his wife lying on his back in the yard unconscious, with his arms outstretched and blood oozing from his mouth. He was also cut and bruised about the face.

Medical aid was summoned and after about half an hour he returned to consciousness but was unable to give any definite account of what had happened to him. The supposition is that he was kicked by his horse while engaged in hitching him to the wagon. While his injuries are quite serious and painful it is thought that he will be around again in a few days.
